

Annual Report 2020

Message from the Chairman of the Board

In 2020, despite all of the disruption from COVID-19, the Community Foundation of Orillia had an outstandingly successful year. Thanks to our incredibly lean and simple organization – as a result of our administration contract with the CDC – and our financial model that does not require us to do any fundraising for our operating costs, we were able to continue our focus on our core activities of building, investing and granting our charitable endowment funds.

In the area of building our endowment funds, we worked with our existing fundholders, strong local charities and philanthropic donors to attract over \$2,200,000 in new funds! This growth was largely driven by a donation from the Estate of Scott Tudhope along with additions to our existing Donor Directed, Managed and Designated Funds. As of the end of 2020, our portfolio is over \$10.8 million. Going forward, we will continue to work actively with local charities, professional advisors and donors to continue our strong record of growth.

In the management of our existing funds, we continue to have a strong working relationship with our primary investment managers Connor, Clark & Lunn and our core endowment fund portfolio generated a net return of 13% in 2020 despite challenging market conditions. We maintained our successful alternate investment manager agreements with Karen O'Coin at BMO Nesbitt Burns to manage the W. Scott & Jean Tudhope Fund and with Brandon Hune at RBC Dominion Securities to manage the Dale Family Fund.

On the granting front in 2020, we granted over \$400,000 to over 50 local charities. That brings our total granting since 1999 to over \$1.8 million to more than 150 local charities. These grants help charities to deliver the critical services they provide to our community. In addition to granting from our endowment funds, we were fortunate in 2020 to receive a \$8,000 donation in December from our investment managers Connor, Clark & Lunn that we granted directly to local charities that help those in need over the holiday season.

It is critical to remember that the CFOA is not a front-line charity delivering service to the community. We are an enabler. We connect donors with a desire to give back to our community over the very long term with charities in our community that are doing critical work and need financial support.

Finally, a big thank you to all of the members of the Community Foundation Board of Directors and other community members who have volunteered their time and effort to make all of this good work possible.
